1. Overview

This Right to Information (RTI) Manual is pursuant to the provisions of the recently passed Act, (Act 989) by Parliament and assented to by the President, Nana Addo Dankwa Akuffo-Addo. The Act gives substance to the constitutional right to information provided under Article 21 (1) (f) of the Constitution, enabling citizens access to official information held by government institutions, and the qualifications and conditions under which the access may be obtained. In accordance with Section 80, the Act applies to information which came into existence before, or which will come into existence after the commencement of the Act.

1.1 Purpose of Manual – To inform/assist the public on the organizational structure, responsibilities and activities of the MINISTRY OF COMMUNICATION, DIGITAL TECHNOLOGY AND INNOVATIONS (MOCDTI) and provide the types of information and classes of information available at MOCDTI, including the location and contact details of its Information Officers and Units.

2. Directorates and Departments under MOCDTI

This section describes the institution's vision and mission and lists the names of all Directorates and Units under the institution, including the description of organizational structure, responsibilities, details of activities and classes and types of information accessible at a fee.

VISION

Ghana as a knowledge-based society with world-class communication infrastructure and services.

MISSION

MoCDTI exists to ensure the development of reliable digital infrastructure and services through the initiation, formulation, coordination, monitoring and evaluation of the implementation of globally competitive and innovation policies and programmes to promote national socio-economic development.

DIRECTORATES AND UNITS UNDER THE MINISTRY

- 1. Policy Planning, Budgeting, Monitoring and Evaluation Directorate (PPBMED):**
- 2. Digital Technology Directorate (DTD).**
- 3. Human Resource Management and Development Directorate (HRMDD).**
- 4. Research, Statistics and Information Management Directorate (RSIMD).**
- 5. Finance Directorate (FD)**
- 6. General Administration Directorate (GAD)**
- 7. Specialised Units under the Ministry**

Responsibilities of the Institution:

The Ministry of Communication, Digital Technology and Innovations (MOCDTI) is responsible for the initiation, formulation, monitoring and evaluation of national policies aimed at achieving cost effective communications infrastructure and services for the enhancement and promotion of economic competitiveness in line with the government's Economic and Social Development Agenda.

--	---

NATIONAL INFORMATION TECHNOLOGY AGENCY (NITA)

Responsibilities of the Agency:

Enable efficient service delivery in Ghana, using information & communication technologies (ICTs)

Details of Activities:

- Perform the functions of the certifying Agency established under the Electronic Transactions Act, 2008 (Act 772).
- Implement and monitor the National Information Communications Technology policy.
- Issues licenses under this Act and ensure fair competition among license holders.
- Implement and enforce the provisions of this Act, the Electronic Transactions Act 2008 (Act 772) and regulations made under the Act.
- Resolve matters that involve domain names between the Domain Name Registration under the Electronic Transactions Act in accordance with the provisions of this Act.
- Monitor, enforce and ensure effective compliance with conditions contained in licenses and tariffs.
- Maintain registers and licenses and applications for licenses.

	<ul style="list-style-type: none"> • Maintain registers for approvals given for equipment under the Electronic Transactions Act, 2008 (Act 772). • Collect fees and other charges to be paid to the Agency under this Act. • Investigate and resolve disputes between license holders under the Electronic Transactions Act referred to by the Agency by license holders. • Investigate complaints by users who fail to obtain redress from a license holder.
--	---

NATIONAL COMMUNICATIONS AUTHORITY (NCA)	
<p>Responsibilities of the Agency:</p> <ul style="list-style-type: none"> • Grant Licenses and Authorizations for Operation of Communication Systems and Services. • Ensure Fair Competition Among Licensees. • Establish and Monitor Quality of Service Indicators for Service Providers. • Educate and Protect Consumers. • Authorize Type Approval and Enforce Equipment Standards. 	<p>Details of Activities:</p> <ul style="list-style-type: none"> • Grant Licenses and Authorizations for Operation of Communication Systems and Services. • NCA allocates, assigns, and regulates the use of frequencies in conformity with development strategies for the communications industry. We also monitor the frequency to identify cases of interference and take action against illegal broadcasters and users of unauthorized wireless devices. • Ensure Fair Competition Among Licensees: The Authority promotes and ensures fair competition in the telecommunications industry. This includes implementing policy on competition within the remit of the Authority. NCA promotes fair competition and protects communications services providers from misuse of market power or anti-competitive and unfair practices by other service providers. The Authority is also vested with concurrent powers to deal with anti-competitive behavior in broadcasting, use of spectrum and telecommunications. • Establish and Monitor Quality of Service Indicators for Service Providers: The Authority continuously strives to ensure that consumers get good quality from any telecommunications services. The Authority routinely conducts network end-to-end

	<p>quality of service monitoring exercises throughout the nation. The result of quality-of-service surveys are used for compliance and enforcement purposes, thereby ensuring that consumers are provided with excellent service throughout Ghana.</p> <ul style="list-style-type: none"> • Educate and Protect Consumers: The Authority ensures consumers are protected by providing safeguard mechanisms for seeking redress on telecom issues. Acting as a neutral arbitrator, NCA examines and resolves complaints and disputes between subscribers, licensed operators or any other person involved in the communications industry. • Authorize Type Approval and Enforce Equipment Standards: Equipment Standards and Type Approvals are administrative but technical requirement for vendors, manufactures, dealers and network service providers. This is to proof that their communications equipment that are sold, used and meant to be connected to the public networks have met the required national and international standards. It is aimed at ensuring that communication equipment used in the country are safe secured and meet the required standard. • Coordinate Frequency Use Among Neighboring Countries: - To ensure good quality of service for consumers, the Authority constantly engages in international frequency coordination with neighboring countries particularly Burkina Faso, Cote d'Ivoire and Togo. This is to ensure that telecommunications services and broadcasting services provided in our country are not interfered with by other transmitting signals from these countries.
--	--

DATA PROTECTION COMMISSION (DPC)	
<p>Responsibilities of the Agency:</p> <p>The Commission is vested with the responsibility to protect the privacy of the individual and personal data by regulating the processing of personal data.</p> <p>The Commission provides for the process to obtain, hold, use or disclose personal data and for other related issues bordering on the protection of personal data.</p>	<p>Details of Activities:</p> <ul style="list-style-type: none"> • Raises awareness of data protection as a fundamental human right amongst members of the public. • Supports Data Controllers to comply with data protection legislation and implement appropriate policies, procedures and processes. • Keeps and maintains an up-to-date register of Data Controllers. • Examine complaints from the public with regards to alleged infringements of the data protection law. • Conducts investigations into complaints under the Act, determine it in a manner the Commission considers fair and take enforcement action where necessary. • Delivers Privacy Practitioner training and supports the establishment and operationalization of the National Privacy Practitioner Association. • Provides thought leadership, African representation and cooperation with the international data protection community.

GHANA INVESTMENT FUND FOR ELECTRONIC COMMUNICATIONS (GIFEC)	
<p>Responsibility of the Agency</p> <p>To facilitate the provision of Universal access to all people through the use of affordable information and Communications Technology for Socio-Economic Development.</p>	<p>Details of Activities:</p> <ul style="list-style-type: none"> • Facilitate the provision of universal access to electronic communication by the unserved and underserved communities. • Facilitate the provision of internet presence in underserved and unserved communities. • Facilitate capacity building programmes and promote ICT

	<p>inclusion in the unserved and underserved communities.</p> <ul style="list-style-type: none"> • Facilitate the deployment of ICT and equipment to educational, vocational and other training institutions. • Develop an effective human resource for the Agency.
--	---

<p>Types of Information Accessible at a fee:</p>
<p>The cost of reproduction of any of the classes of information listed above will be borne by the Applicant.</p>

3. Procedure in Applying and Processing Requests

Section 18 of the RTI Act provides specific guidelines for application for access to information kept by a public institution. It is thus important that request for information be made in accordance with provisions under this section. The Information Officer or designated officer is responsible for dealing with applications made to the MINISTRY OF COMMUNICATION, DIGITAL TECHNOLOGY AND INNOVATIONS. Regarding requests for information under the RTI Act from the MINISTRY, applicants are to follow these basic procedures:

3.1 The Application Process

a. Application by any person or organization who seeks access to information in the custody of MINISTRY OF COMMUNICATION, DIGITAL TECHNOLOGY AND INNOVATIONS must be made in writing, using the standard RTI Application Form. **(See Appendix A for the Standard RTI Application Form)**. A copy of the form can be downloaded or completed and submitted electronically on MINISTRY OF COMMUNICATION, DIGITAL TECHNOLOGY AND INNOVATIONS's official website or the Ministry of Information website.

b. In making the request, the following information must be provided:

- Date of the Application.
- Name of the applicant or the person on whose behalf an application is being made.
- Name of the organization represented by the applicant.
- Available contact details of the applicant or address of the person/organization on whose behalf an application is being made (Telephone Number, Email, Postal Address, Fax).
- Brief description of information being sought. (Applicants are to specify the class and type of information including cover dates).
- Payment of relevant fee if applicable.
- Signature/ thumbprint.

c. Provision of identification

The applicant must present at least one (1) of the following valid identification cards (IDs) to serve as proof of identity:

- Driver's License.
- Passport.
- National ID.
- Voter's ID.

d. The applicant should state the format of information being requested and the mode of transmission. Example (do you need certified true copy, normal photocopy or electronic

copies. Would you want to receive it through a postal address, e-mail, courier services, fax etc.?)

- e. Where an applicant cannot write due to illiteracy or a disability, he/she may make the request orally. However, oral requests must conform to the following guidelines.
- The Information Officer must reduce the oral request into writing and give a copy of the written request as recorded for the applicant to authenticate. (s. 18) (3).
 - The Information Officer shall clearly and correctly read and explain the written request to the understanding of the applicant.
 - A witness must endorse the face of the request with the writing; *“the request was read to the applicant in the language the applicant understand, and the applicant appeared to have understood the content of the request.”*
 - The applicant must then make a thumbprint or mark on the request.

3.2 Processing the Application

- Applications would be treated on a priority basis. The Information Officer is responsible for handling requests to ensure that statutory deadlines are met.
- He reviews and identifies which part is exempt based on Section 5 to 16 of the RTI Act and determines which of the units in the institution have the records or is responsible for the subject matter of the request.
- Provision is made under section 20 for the transfer of an application within a period of not more than ten days of receipt where the public institution to which the application was initially made is unable to deal with the application. In such situations, applicants would be notified accordingly with the reasons and dates of transfer.
- For information readily available in official publications, the Information Officer shall direct the applicant to the institution having custody of that publication and notify the public institution of the request. (s.21).
- If requested information is not readily accessible, the estimated time it will take to search for the information will be communicated to the applicant.

3.3 Response to Applicants

a. The Information Officer is required under section 23 of the RTI Act to notify applicants within fourteen (14) days from the date of receipt. Applicants should however note that the time limit does not apply to applications transferred to another public institution or which has been refused due to failure to pay prescribed deposit or fee. (s.23) (6). The notice should state:

- Whether or not full access to the requested information will be granted or only a part can be given and the reason.
- The format and mode of access.
- The expected publication or submission day of the information in the case of deferred access.
- The prescribed fee (s.24).

B. The Information Officer can request an extension to the deadline if:

- Information requested is voluminous.
- It is necessary to search through a large number of records.
- The information has to be gathered from more than one source.
- Consultation with someone outside the institution is required.

c. The Information Officer would in such situations notify applicants of an extension as well as the period and reason for the extension. An extension should not be more than seven days.

d. In giving applicants access to information, the applicant would be given the opportunity to inspect the information or receive a copy physically or any other form required such as electronic, magnetic, optical or otherwise, including a computer print-out, various computer storage devices and web portals.

- Where access cannot be given in the form specified by the applicant, access can be given in some other form. In such cases, the applicant shall be provided with a reason why access cannot be given in the specified form.

4. Amendment of Personal Record

A person given access to information contained in records of a public institution may apply for an amendment of the information if the information represents the personal records of that person and in the person's opinion, the information is incorrect, misleading, incomplete or out of date.

4.1 How to apply for an Amendment

- a. The application should be in writing indicating.
 - Name and proof of identity.
 - Particulars that will enable the records of the public institution identify the applicant.
 - The incorrect, misleading, incomplete or the out-of-date information in the record.
 - Signature of the applicant.
- b. For incomplete information claimed or out-of-date records, the application should be accompanied by the relevant information which the applicant considers necessary to complete the records.
- c. The address to which a notice shall be sent should be indicated.
- d. The application can then be submitted at the office of the public institution.
- e. A statutory declaration must be attached.

5. Fees and Charges for Access to Information

The Act mandates Parliament in Section 75 to approve a fee that public institutions can charge. However, fees shall apply to only the three circumstances stated below:

- Request for information in a language other than the language in which the information is held. (s.75) (3).
- When a request is made for a written transcript of the information, the information officer may request a reasonable transcription cost. (s.75) (4).
- Cost of media conversion or reformatting. (s.75) (5).

Under Section 75 (2), fees are not payable for:

- reproduction of personal information,
- information in public interest,
- information that should be provided within stipulated time under the Act,
- an applicant who is poor or has a disability,
- time spent by the information officer to examine and ensure the information is not exempt,
- preparing the information.
